CONTROL COUGHS

Cover your nose and mouth with a tissue, into your upper sleeve, not in your hands when you cough or sneeze. Throw the tissue in the trash after you use it.

WASH HANDS

Wash your hands often with soap and warm water for at least 20 seconds, especially after you cough or sneeze, or clean with an alcohol-based hand cleaner.

MINIMIZE CONTACT

Try to avoid close contact with sick people. Stay home if you're sick for 7 days after your symptoms begin or until you have been symptom-free for 24hrs.

AVOID FACE TOUCHING

Avoid touching your eyes, nose or mouth. Germs can be spread easily this way.

WIPE DOWN EQUIPMENT

Be sure to wipe down equipment before and after use to stop the spread of germs.
